

1    **Abstract of Disclosure**

2    A backrest includes a frame, a web and a ring. The frame includes a  
3    margin and two rims extending on a side of the margin and a gap defined  
4    between the rims. The web is spread on the side of the frame. The  
5    ring is put on the web and fit in the annular groove so that the web is  
6    tightly spread on the frame.
